**SHARE BUY-BACK STATEMENT IN RELATION TO THE PROPOSED RENEWAL
OF AUTHORITY FOR THE COMPANY TO PURCHASE ITS OWN SHARES**

STATEMENT IN RELATION TO THE PROPOSED RENEWAL OF AUTHORITY FOR THE COMPANY TO PURCHASE ITS OWN SHARES

1. INTRODUCTION

The shareholders of the Company had on 26 June 2024 approved, inter-alia, the renewal of authority for the Company to purchase such number of Shares of up to ten per centum (10%) of the prevailing total number of issued shares of the Company.

In accordance with the Listing Requirements, the said authority will expire at the conclusion of the forthcoming Twenty-First AGM of the Company unless authority for its renewal is obtained from shareholders of the Company.

Accordingly, on 4 April 2025, the Company announced to Bursa Securities that it intends to seek shareholders' approval for the Proposed Renewal of Authority at the forthcoming Twenty-First AGM of the Company.

The purpose of this Statement is to provide you with the relevant information on the Proposed Share Buy-Back and to seek your approval for the ordinary resolution on the Proposed Renewal of Authority which will be tabled at the forthcoming Twenty-First AGM of the Company to be held at the Conference Room, Lot 4, Jalan Perusahaan Dua, 68100 Batu Caves, Selangor Darul Ehsan, Malaysia on Wednesday, 25 June 2025 at 10.00 a.m.

2. DETAILS OF THE PROPOSED SHARE BUY-BACK

The Board proposes to seek from the shareholders of the Company a renewal of authority for the Company to purchase from time to time and at any time, in aggregate such number of Shares representing not more than ten per centum (10%) of the total number of issued shares of the Company as at the time of the purchase, on Bursa Securities through stockbrokers to be appointed by the Company at a later date. Arising from the migration to the no par value regime under the Act, par value is no longer relevant. Pursuant to Section 74 of the Act, as at LPD, the total number of issued shares of the Company is 192,153,000. Hence, the maximum number of Shares which may be purchased by the Company will be 19,215,300 Shares.

The Proposed Share Buy-Back is subject to compliance with the Act and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities at the time of the purchase including compliance with the public shareholding spread as required by the Listing Requirements.

The authority from shareholders for the Proposed Share Buy-Back, if renewed, will be effective immediately upon the passing of the ordinary resolution to be tabled at the forthcoming Twenty-First AGM of the Company and will continue to be in force until:

- (a) the conclusion of the next AGM of the Company, at which time it shall lapse, unless by ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to conditions; or
- (b) the expiration of the period within which the next AGM of the Company is required by law to be held; or
- (c) revoked or varied by ordinary resolution passed by the shareholders of the Company in a general meeting,

whichever occurs first.

The Proposed Renewal of Authority does not impose an obligation on the Company to purchase its own Shares but rather, it will allow the Board to exercise the power of the Company to purchase its own Shares at any time within the abovementioned time period.

The actual number of Shares to be purchased, the total amount of funds involved for each purchase and the funding of the purchase will depend on, *inter alia*, the market conditions and sentiments of the stock market as well as the availability of retained profits and financial resources available to the Company.

2.1 Status and Treatment of Purchased Shares

Pursuant to the provisions of Section 127(7) of the Act, the Board may deal with the Purchased Shares in the following manner:

- (a) cancel the Shares so purchased; or
- (b) retain the Shares so purchased as treasury shares; or
- (c) retain part of the Shares so purchased as treasury shares and cancel the remainder; or
- (d) distribute the treasury shares as share dividends to shareholders; or
- (e) resell the treasury shares or any of the said shares in accordance with the Listing Requirements; or
- (f) transfer the treasury shares, or any of the said shares as purchase consideration; or
- (g) transfer the treasury shares, or any of the shares for the purposes of or under an employee's share scheme; or
- (h) cancel the treasury shares or any of the said shares.

Appropriate announcement(s) and notice(s) will be made to Bursa Securities and the relevant authorities in respect of the Board's decision on the treatment of the Purchased Shares in compliance with the Listing Requirements and the Act. The Board may decide to cancel the Purchased Shares if the cancellation of the said shares is expected to enhance the EPS of the Group and thereby in the long term, have a positive impact on the market price of the Shares. If the Board decides to retain the Purchased Shares as treasury shares, it may distribute the treasury shares as share dividends to the Company's shareholders and/or resell the Purchased Shares in accordance with the Listing Requirements and utilise the proceeds for any feasible investment opportunity arising in future as working capital.

While the Purchased Shares are held as treasury shares, the rights attached to them as to voting, dividends and participation in other distributions and otherwise are suspended, and the treasury shares shall not be taken into account in calculating the number or percentage of Shares or a class of shares in the Company for any purpose including substantial shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on resolution at a meeting of the shareholders.

2.2 Funding for the Proposed Share Buy-Back

The Board proposes to allocate a maximum amount not exceeding the retained profits of the Company for the Proposed Share Buy-Back. The retained profits of the Company based on the audited financial statements of the Company for the financial year ended 31 December 2024 was RM1,355,139,000.

The Proposed Share Buy-Back will be funded from internally generated funds and/or bank borrowings, the proportion of which will depend on the quantum of purchase consideration as well as the availability of internally generated funds and borrowings and repayment capabilities of the Company at the time of purchase.

In the event that the Proposed Share Buy-Back is to be partly financed by bank borrowings, this is not expected to affect the Company's repayment capabilities. Although the cash flow of the Company and the Group will be reduced to the extent of the number of Shares bought and the purchase consideration, the Company do not foresee any difficulty and the Proposed Share Buy-Back is not expected to have a negative impact on the financial results of the Group.

The Board is mindful of the interest of the Company and its shareholders and will be prudent in respect of the Proposed Share Buy-Back exercise.

2.3 Price Purchase

Pursuant to the Listing Requirements, the Company may only purchase its own Shares on Bursa Securities at a price which is not more than fifteen per centum (15%) above the weighted average market price for the Shares for the five (5) market days immediately before the date of the purchase.

2.4 Resale or transfer price

The Company may only resell the Purchased Shares held as treasury shares on Bursa Securities or transfer the treasury shares pursuant to Section 127(7) of the Act at:

- (a) a price which is not less than the weighted average market price for the shares for the five (5) market days immediately before the resale or transfer; or
- (b) a discounted price of not more than five per centum (5%) to the weighted average market price for the shares for the five (5) market days immediately before the resale or transfer provided that:
 - (i) the resale or transfer takes place not earlier than thirty (30) days from the date of purchase; and
 - (ii) the resale or transfer price is not less than the cost of purchase of the shares being resold or transferred.

3. ADVANTAGES/RATIONALE FOR THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back is expected to enhance the EPS and the return on equity in the event of the cancellation of the Shares bought back by the Company which will benefit its shareholders.

The Purchased Shares can also be held as treasury shares and resold in accordance with the Listing Requirements on the market of Bursa Securities at a higher price with the intention of realising a potential gain without affecting the total number of issued shares of the Company.

In the event the treasury shares are distributed as share dividends to shareholders, this would serve as a reward to the shareholders of the Company. In the event the treasury shares are transferred to employees of the Group, this would serve as a reward to the employees of the Group.

The treasury shares can be treated as long term investment. It makes business sense to invest in our own company as the Board is confident of Can-One's future prospects and performance in the long term.

In addition, the Proposed Share Buy-Back will also provide flexibility for the Company in fine-tuning its capital structure, in terms of the debt and equity composition and the size of equity, as well as to stabilise a downward trend of the market price of Can-One Shares.

4. POTENTIAL DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK

Potential disadvantages of the Proposed Share Buy-Back are as follows:

- (a) the Proposed Share Buy-Back, if exercised, will reduce the financial resources of the Company. This may result in the Company having to forgo other investment opportunities that may emerge in the future or deprive the Company of interest income that may be earned from deposits with licensed financial institutions;
- (b) the cashflow of the Company may be affected if the Company decides to utilise bank borrowing to finance the Proposed Share Buy-Back;
- (c) the Proposed Share Buy-Back may reduce the consolidated NA of the Company if the purchase price of Can-One Shares is higher than the consolidated NA of the Company at the time of purchase; and
- (d) as the Proposed Share Buy-Back can only be made wholly out of the retained profits of the Company, it may reduce the amount of retained profits available for distribution in the form of cash dividends to the shareholders of the Company in the event that the Purchased Shares are cancelled, or if the Purchased Shares are held as treasury shares and are subsequently sold on the market of Bursa Securities at a loss.

However, the financial resources of the Company may increase if the Purchased Shares held as treasury shares are resold in the market at prices higher than the purchase price. Therefore, the Proposed Share Buy-Back will be undertaken only after due consideration of the financial resources of the Company. The Board will be mindful of the interests of the Company and its shareholders when undertaking the Proposed Share Buy-Back.

5. EFFECTS OF THE PROPOSED SHARE BUY-BACK

5.1 Issued Shares

The effect of the Proposed Share Buy-Back on the number of issued shares of the Company will depend on whether the Purchased Shares are cancelled or retained as treasury shares.

The Proposed Share Buy-Back will result in a reduction of the total number of issued shares of the Company if the Purchased Shares are cancelled. Based on the assumption that the Proposed Share Buy-Back is implemented in full and all the Purchased Shares are cancelled, the effect on the number of issued shares of the Company is illustrated below:

	No. of Shares
Existing number of issued Shares as at LPD	192,153,000
Less:	
Maximum number of Purchased Shares cancelled	(19,215,300)
Resultant number of issued Shares upon completion of the Proposed Share Buy-Back	<u>172,937,700</u>

However, there will be no effect on the number of issued shares of the Company if the Purchased Shares are retained as treasury shares, resold or distributed to the shareholders.

5.2 NA

When the Company purchases its own shares, regardless of whether they are retained as treasury shares or are subsequently cancelled, the NA per Share of the Group will decrease if the cost per Share purchased exceeds the NA per Share of the Group at the time of purchase. Conversely, if the cost per Share purchased is below the NA per Share of the Group at the time of purchase, the NA per Share of the Group will increase.

In the case where the Purchased Shares are treated as treasury shares and are subsequently resold on Bursa Securities, the NA per Share of the Group upon resale will increase if the Company realises a gain from the resale, and vice versa. If the treasury shares are distributed as share dividends, the NA of the Group will decrease by the cost of the treasury shares.

5.3 Working Capital

The Proposed Share Buy-Back, if exercised, will reduce the working capital and cashflow of the Group, the quantum of which is dependent, on the number of Shares purchased, the purchase price(s) of the Shares and the funding cost, if any.

However, the working capital and the cashflow of the Group will increase upon resale of the Purchased Shares which are retained as treasury shares. Again, the quantum of the increase in the working capital and cashflow will depend on the actual selling price(s) of the treasury shares and the number of treasury shares resold.

5.4 Earnings

All things being equal, the Proposed Share Buy-Back will result in a lower number of Shares being used for the computation of EPS whether the Shares purchased are subsequently cancelled or retained as treasury shares. The extent of the effect on the EPS of the Group will depend on the purchase price(s) of the Shares, the number of Shares purchased, and the effective funding cost or loss in interest income and/or the opportunity cost in relation to other investment opportunities to the Group.

In the event that the treasury shares are resold on the open market, the EPS of the Group may increase if the Company realises a gain from the sale and vice versa. The effects on the earnings of the Group will depend on the actual selling price(s), the number of treasury shares resold and the effective gain or loss arising from the resale.

5.5 Dividends

The Proposed Share Buy-Back is not expected to have any material effect on the dividend payments of the Company as any dividend to be declared by the Company in the future would be determined by the Board after taking into consideration the performance of the Group and the prevailing economic conditions.

However, as stated in Sections 2 and 3 above, the Board may distribute future dividends in the form of the treasury shares purchased pursuant to the Proposed Share Buy-Back.

5.6 Directors' and Substantial Shareholders' Shareholdings

Based on the Registers of Directors' and Substantial Shareholders' shareholdings as at LPD of the Company and assuming that the Company acquires the maximum number of the Shares authorised under the Proposed Share Buy-Back from shareholders other than the Directors and Substantial Shareholders of the Company and that all the Shares so purchased are fully cancelled, the effect of the Proposed Share Buy-Back on the shareholdings of the Directors and Substantial Shareholders of the Company are as follows:

Director/Substantial Shareholder	As at LPD				After Proposed Share Buy-Back

	No. of Shares	%	No. of Shares	%	No. of Shares	%	No. of Shares	%

Notes:

(a) Deemed interest by virtue of his shareholding in Eller Axis pursuant to Section 8(4) of the Act.

(b) Deemed interest by virtue of his shareholding in Yongsun Equity Sdn Bhd pursuant to Section 8(4) of the Act.

6. PUBLIC SHAREHOLDING SPREAD

Based on the Record of Depositors as at LPD, the public shareholding spread of the Company was 34.78%. Assuming the Proposed Share Buy-Back is implemented in full whereby the Company purchases 19,215,300 Shares representing ten per centum (10%) of the total number of issued Shares as at that date from the public shareholders and all the Purchased Shares are cancelled, the public shareholding spread of the Company would be reduced to 27.54%.

As at the date hereof, the Company has yet to determine the actual percentage of its own Shares to be purchased pursuant to the Proposed Renewal of Authority. However, the Company is mindful of the above implication relating to public shareholding spread and will use its best endeavours in purchasing its own Shares to such an extent that it will not result in the Company being in breach of the minimum public shareholding spread of twenty-five per centum (25%).

7. IMPLICATION OF THE PROPOSED SHARE BUY-BACK IN RELATION TO THE CODE

In the event the Proposed Share Buy-Back results in any Director, Major Shareholder and/or parties acting in concert with him/them triggering a mandatory offer obligation under the Code, the affected Director or Major Shareholder will be obliged to make a mandatory offer for the remaining Shares in the Company not held by him/them.

However, an exemption may be sought from the SC by the affected Director or Major Shareholder under Section 219 the CMSA before a mandatory offer obligation is triggered.

8. PURCHASE, RESALE, TRANSFER AND CANCELLATION OF PURCHASED SHARES MADE IN THE PREVIOUS TWELVE (12) MONTHS

The Company has not made any purchase, resale, transfer or cancellation of its own shares in the twelve (12) months preceding the date of this Statement. As at LPD, no treasury shares were held by the Company.

9. APPROVAL REQUIRED

The Proposed Share Buy-Back is subject to the approval of the shareholders at the forthcoming Twenty-First AGM of the Company.

10. INTEREST OF DIRECTORS, MAJOR SHAREHOLDERS AND/OR PERSONS CONNECTED WITH THEM

Save for the proportionate increase in the percentage of shareholdings including, amongst others, the voting rights of the shareholders of the Company as a result of the Proposed Share Buy-Back, none of the Directors and/or Major Shareholders of the Company and/or persons connected with them have any interest, direct or indirect, in the Proposed Share Buy-Back or resale of treasury shares, if any.

11. BOARD'S RECOMMENDATION

The Board, after having considered all aspects of the Proposed Share Buy-Back, is of the opinion that the Proposed Share Buy-Back is in the best interests of the Company. Accordingly, the Board recommends that you vote in favour of the ordinary resolution pertaining to the Proposed Renewal of Authority to be tabled at the forthcoming Twenty-First AGM of the Company.

12. TWENTY-FIRST AGM OF THE COMPANY

The Twenty-First AGM of the Company, Notice of which is set out in the Annual Report 2024, will be held at the Conference Room, Lot 4, Jalan Perusahaan Dua, 68100 Batu Caves, Selangor Darul Ehsan, Malaysia on Wednesday, 25 June 2025 at 10.00 a.m. for purpose of considering and, if thought fit, passing the ordinary resolution as set out in the Notice of the AGM to approve and give effect to the Proposed Renewal of Authority.

** The actual value transacted from 26 June 2024 up to the LPD did not exceed by ten per centum (10%) or more of the Estimated Value as disclosed in the Circular to Shareholders dated 30 April 2024.

2.5 Amounts due from the Transacting Parties which exceeded the credit term

As at 31 December 2024, there were no outstanding amounts due from the Transacting Parties under the RRPTs which exceeded the credit term.

2.6 Bases of estimated value of the RRPTs

The bases in determining the estimated value of the RRPTs are as follows:

- (1) The estimated values of the RRPTs for which the Proposed Renewal of Mandate is sought as set out in Section 2.4 above are based on prevailing prices/rates obtained which are reasonable market competitive prices/rates based on the normal level of transactions entered into by Can-One Group and the projected business volumes/monthly lease payment from the date of the forthcoming Twenty-First AGM of the Company to the next AGM of the Company. The actual value of transactions may, however, vary from the estimated value disclosed in Section 2.4 above if any change in the business, economic and/or competitive environment were to occur.
- (2) Nevertheless, if the Proposed Renewal of Mandate is approved, disclosure will be made in accordance with the Listing Requirements in the Annual Report of the Company for the financial year ending 31 December 2025 of the aggregate value of transactions conducted pursuant to the Proposed Renewal of Mandate as approved during the financial year.

2.7 Benefits to the Group

The transactions are undertaken by the relevant members of the Group in their ordinary course of business and on the Group's normal commercial terms and on terms which will be no more favourable to the Transacting Parties than those generally available to the public. These transactions are beneficial to the Group as the Group's operations are efficiently managed through the utilisation of the Transacting Parties' expertise and resources.

The Board is of the view that the close working relationships and co-operation with the Transacting Parties will allow the Group to have better control of quality and inventory and this will result in the reduction of inventory driven costs and the maintenance of quality of its end products.

2.8 Review methods or procedures for the RRPTs

The Group had established various methods and procedures to supplement existing internal procedures with third parties to ensure that RRPTs are undertaken on normal commercial terms, which are consistent with the Group's usual business practices, and are on terms not more favourable than those extended to third parties/public and are not detrimental to the minority shareholders.

- (a) All RRPTs of value up to RM500,000 must be reviewed and approved by either the Group Managing Director ("MD") or an Executive Director ("ED") of the Company or the Branch General Manager. For transactions of a value above RM500,000 and up to RM5,000,000, joint approvals from any two (2) of the following persons of the Company are required:
 - Group MD
 - ED
 - Group Finance Director
 - Group Chief Operating Officer

All transactions with values exceeding RM5,000,000 must be reviewed by the ARMC and approved by the Board.

- (b) For RRPTs, a Register must be maintained by the Company to record all such transactions pursuant to the Proposed Renewal of Mandate for reporting purposes in the annual reports. At no time, should the value of these transactions deviates materially from the amount that has been approved by the shareholders pursuant to the Proposed Renewal of Mandate.

2.8 Review methods or procedures for the RRPT (cont'd)

- (c) At least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of produces/services and/or quantities.

In the event that quotation or comparative pricing from unrelated third parties cannot be obtained, the ARMC in its review of the RRPTs may, as it deems fit and, whenever available, requests for additional information pertaining to the transactions from independent sources or advisers.

- (d) The annual internal audit plan shall incorporate a review of all RRPTs entered into pursuant to the Proposed Renewal of Mandate to ensure that relevant approvals have been obtained and review procedures are followed.
- (e) The Board and the ARMC shall review the internal audit report to ascertain that the guidelines and procedures established to monitor RRPTs have been compiled with. If during the review, the ARMC is of the opinion that the guidelines and procedures are not sufficient to ensure that the RRPTs will be conducted on normal commercial terms in the ordinary course of business and are on terms not more favourable to the Related Parties than those generally available to the public and are not detrimental to the minority shareholders or be disadvantageous to the Company, the Company will obtain a fresh mandate from its shareholders based on new guidelines and procedures.
- (f) If a member of the Board or the ARMC has an interest as the case may be, he must abstain from any decision making of the Board or the ARMC in respect of the said transactions.
- (g) The transaction prices, terms and conditions shall be determined by market forces, under similar commercial terms for transactions with third parties. In addition, additional quotations shall be obtained from third parties by the Company who will perform suppliers' evaluations and ranking on the price, delivery, services and other terms and conditions before entering into such transactions.

2.9 Validity period of the Proposed Renewal of Mandate

The Proposed Renewal of Mandate, if approved at the forthcoming Twenty-First AGM of the Company, will take effect from the date of passing of the ordinary resolution at the Twenty-First AGM of the Company to approve the Proposed Renewal of Mandate and will continue to be in force until:

- (a) the conclusion of the next AGM of the Company at which time the Proposed Renewal of Mandate will lapse, unless renewed by ordinary resolution passed at such meeting; or
- (b) the expiration of the period within which the next AGM of the Company after the date it is required to be held pursuant to Section 340(2) of the Act (but shall not extend to such extension as may be allowed pursuant to Section 340(4) of the Act); or
- (c) revoked or varied by ordinary resolution passed by the shareholders of the Company in a general meeting,

whichever is earlier.

Thereafter, the Board will seek your approval for the Proposed Renewal of Mandate at each subsequent AGM or at an Extraordinary General Meeting that may be held on the same day as the AGM, subject to satisfactory review by the ARMC of its continued application to the RRPTs.

Transactions with any Related Parties which do not fall within the ambit of Proposed Renewal of Mandate, will be subject to other applicable provisions of the Listing Requirements, the Act and/or any applicable law.

2.10 Disclosure of RRPTs

If the Proposed Renewal of Mandate is approved, disclosure will be made of the breakdown of the aggregate value of RRPTs conducted pursuant to the Proposed Renewal of Mandate during the financial year based on the following information in the Company's Annual Report and in the Annual Reports for subsequent financial years that the Proposed Renewal of Mandate continues to be in force:

- (a) the type of RRPTs made; and
- (b) the names of the Related Parties involved and their relationships with the Group.

The threshold for the disclosure is where:

- (a) the consideration, value of the assets, capital outlay or costs of the aggregated RRPTs is equal to or exceeds RM1,000,000; or
- (b) any one (1) of the percentage ratios of such aggregated RRPTs is equal to or exceeds one per centum (1%),

whichever is the higher.

2.11 Statement by the ARMC

The ARMC has reviewed the terms of the Proposed Renewal of Mandate and is satisfied that the procedures for the RRPTs as set out in Section 2.8, as well as the annual reviews to be made by the ARMC in relation thereto, are sufficient to ensure that RRPTs will be made in accordance with the Group's normal commercial terms and are not more favourable to the Transacting Party than those generally available to third party/public and are not to the detriment of the minority shareholders.

The Group has in place adequate procedures and processes to monitor, track and identify RRPTs in a timely and orderly manner, and these procedures and processes are reviewed annually.

The ARMC shall annually review the RRPTs and also review the established guidelines and procedures to ascertain that they have been complied. If during the review, the ARMC is of the opinion that the guidelines and procedures are not sufficient to ensure that the RRPTs will be conducted on normal commercial terms in the ordinary course of business and are on terms not more favourable to the Transacting Party than those generally available to third party/public and are not detrimental to the minority shareholders or be disadvantageous to the Company, the Company will obtain a fresh mandate from its shareholders based on new guidelines and procedures.

3. RATIONALE FOR THE PROPOSED RENEWAL OF MANDATE

The rationale for the Proposed Renewal of Mandate to the Company are as follows:

- (a) the Proposed Renewal of Mandate will empower the Company to enter into transactions with Related Parties which are necessary for the day-to-day operations of the Company, undertaken on normal commercial terms which are on terms not more favourable to the Related Parties than those generally made available to third party/public and are not detrimental to the minority shareholders; and
- (b) the Proposed Renewal of Mandate eliminates the need to frequently make announcements to Bursa Securities, convene general meeting and/or seek shareholders' approval from time to time as and when RRPTs which are comprised within the Proposed Renewal of Mandate shall arise. In this respect, the Proposed Renewal of Mandate is intended to save administrative time and expenses which could be better utilised by the Group to pursue its corporate objectives and realise business opportunities in a more timely and effective manner.

4. EFFECTS OF THE PROPOSED RENEWAL OF MANDATE

The Proposed Renewal of Mandate is not expected to have any effect on the total number of issued shares and substantial shareholders' shareholdings of the Company, the consolidated NA per Share and the consolidated earnings of the Group for the financial year ending 31 December 2025.

5. APPROVAL REQUIRED

The Proposed Renewal of Mandate is subject to approval being obtained from the shareholders of the Company at the forthcoming Twenty-First AGM of the Company.
